For today's active life, the Alliance Sport is as stylish as efficient, reflecting the inspiration of "practical luxury". Well proportioned with a midsize diameter this timepiece continues the love to detail and quality.

The Alliance Sport's larger dial housed in a satin-finished stainless steel case with polished accents is a modern interpretation of a Victorinox Swiss Army classic. This collection offers the choice of stainless steel bracelet with push-button deployant clasp. Available in the larger 36.5mm chronograph, the collection is updated and smart with sleek, understated hour markers. The quartz chronograph features oval-ringed totalizers equipped with 30-minute, 60-second and 1/10th of a second counters and a tachymeter scale. The Alliance Sport exists also in a slightly smaller 3-hands benefiting of the same style and high quality. Both models being waterproof at 100 meters and are available in blue, black, or silver with a color-coordinated bezel.

Elegant, classy and functional meet each other in this fine Swiss-made timepiece.
