

EDOX

EDOX - Classe-Royale Limited Edition "Jackpot"

The latest addition to the Classe-Royale family is distinctive and modern, yet clearly demonstrates Edox's watchmaking expertise.

Total transparency with the new Classe-Royale Limited Edition "Jackpot"

The latest addition to the Classe-Royale family is distinctive and modern, yet clearly demonstrates Edox's watchmaking expertise. Housed in the rectangular case that established its reputation, this timepiece is extravagant and athletic with a look decidedly mysterious and captivating.

The steel case comes in two color combinations: black PVD decorated with pink or silver details. The limited edition number is engraved on a plate affixed to the side of the case.

The finely crafted dial with its impressively skeletonised sub-counters offers an amazing view into the very heart of the watch with its powerful automatic mechanism. The oscillating weight is decorated with Côtes de Genève and can be fully admired through the transparent backcase.

Production of the Classe-Royale Limited Edition "Jackpot" is limited to 100 pieces worldwide for each version.
