

HUBLOT

HUBLOT - Oceanographic 4000 [Only Watch 2011]

It is a symbolic watch. The 4000 m watch. A watch developed for pushing the limits of what is rational and possible.

Hublot for Only Watch 2011

It is a symbolic watch. The 4000 m watch. A watch developed for pushing the limits of what is rational and possible. It has taken 18 months of research, development and testing to present the Oceanographic 4000, a watch which can be worn on dives to depths of 4,000 metres, under extreme pressure - an exceptional technical achievement. For the 4th edition of Only Watch, Hublot is proud to support the event with the presentation of a unique, brand new Oceanographic 4000. Unique, because it is the very first piece in a new family of ultra technical watches - not yet delivered - developed by Hublot to be able to dive to extreme depths of up to 4000 m. Brand new because, to distinguish itself from those that will follow, it possesses an aesthetic balance perfectly in keeping with the principality, featuring red and white indexes to reflect the colours of the Monaco flag. In addition, the Oceanographic 4000 takes its name directly from the "Musée Océanographique de Monaco" (Monaco Oceanographic Museum) with which Hublot enjoys a partnership. A particularly fitting creation for the principality, the venue and birthplace of the Only Watch initiative.

Technical Specifications

Series One-off piece
Case "King Power" - 48 mm diameter
Matt carbon fibre
Bezel Matt carbon fibre
6 black PVD H-shaped titanium screws
Crystal Sapphire with anti-reflective treatment
Bezel lug Black composite resin
Lateral inserts Black composite resin
Case-back Satin-finished and microblasted titanium with black PVD treatment
Crown Black PVD titanium with black rubber insert
Screws Black PVD titanium
Water resistance 400 ATM or 4000 metres

Dial Matt black
Red indexes with white SuperLuminova™
Hands Red with white SuperLuminova™
Movement Mechanical with automatic winding HUB1401
No. of components 180
Jewels 23
Bridges Satin-finished, bevelled & polished
Screws Black PVD
Barrel With reinforced spring
Escapement Glucydur hairspring
Power Reserve Approximately 42 hours
Strap Red stitched alligator on black rubber
Clasp Black PVD titanium ardillon buckle
