ALFEX - Statements of a Diva

I am intelligent and beautiful. Sincere, but with an untamed wildness about me. Self-confident and egocentric. Tender but wise. Sensitive and truthful. I am a woman who does not need to please.

I am intelligent and beautiful. Sincere, but with an untamed wildness about me. Self-confident and egocentric. Tender but wise. Sensitive and truthful. I am a woman who does not need to please. A woman who knows her strong points and assumes her weaknesses. In short, I am a Diva. So is my watch. It is my fashion statement, and its stunning design emphasizes my own strong character. Model 5686 from the New Structures series is a tribute to the classical Diva with her unique mix of intelligence and sex-appeal. Here is a watch that is headstrong and somewhat eccentric, exerting a magnetic appeal no one can resist. The dark, two-string bracelet, a masterpiece of the jeweler's trade, highlights a tasteful timepiece. Distinctively fashioned from futuristic black squares, it gives this watch an irresistibly avant-garde look for a new millennium.
